A jury in the Shelby circuit court at Shelbyville this morning at eight o'clock returned a verdict finding Ed ward VanPelt, a printer of Shelbyville guilty of the murder of Charles Tindall, a Shelbyville attorney, which occurred last August 25.

The finding of the jury was manslaughter or second degree murder which means a sentence of two to Ray Lakin Returns From Hunting Payne will surely be here, and Judge twenty-one years in the penitentiary for the guilty man. VanPelt was promptly sentenced by Judge Blair and will be taken to prison at once. The jury got the case at six o'clock last night and reached a verdict early this morning.

A Perfect Storm Buggy Can Only Be Built By Men Who Have Had Practical Experience in Building

Storm Buggies

Most of the Storm Buggies on the market today are only in the experimental stage, built, by men that have never had a minutes experience in building storm buggies. The Columbus Storm Queen and Delmar Storm Buggies are no longer an experiment. They are past that stage and we can now offer you a Storm Buggy that is perfect in detail of construction. The doors will always work easy. They are roomy without being clumsy, the finish and trimming are the very best and last but not least they have been on the market long enough to know that they are right. Call and let us show you.

My hair was getting quite gray and falling out rapidly and I was troubled with a terrible itching of the scalp. My head was full of dandruff, which fell upon my clothes and kept me continually brushing it off. While on a visit to Rochester I heard of your Sage and Sulphur for the hair. I got a bottle and used it. A few applications relieved the itching, my hair stopped falling out and gradually came back to its natural color. Grew Hair on a Bald Head

For two or three years my hair had been falling out and getting quite thin until the top of my head was entirely bald. About four months ago I commenced using Sage and Sulphur. The first bottle seemed to do some good and I kept using it regularly until now I have used four bottles. The whole top of my head is fairly covered and keeps coming in thicker. I shall keep on using it a while longer, as I notice a constant improvement.
